The screenshot displays the Tableau interface with a scatter plot titled "Cost vs City Average". The plot compares the average cost for two people across different cities. The Y-axis is labeled "Listed In(City)" and the X-axis is labeled "CITY WINDOW AVG COST". A context menu is open over the plot, showing options like "Edit Axis...", "Clear Axis Range", "Select Marks", "Dual Axis", "Synchronize Axis", "Move marks to back", "Mark Type", "Format...", "Show Header", and "Add Reference Line". The "Synchronize Axis" option is highlighted. The plot shows data points for various locations, with a vertical line indicating the average cost for two people.
